Are you unemployed?

get started on a new career

Help Desk Technician/A+

The A+ program is designed for students seeking career-oriented, entry-level hardware and software skills. Target students include those who want to prepare for careers in information and communication technology (ICT) and students who want to gain skills and working knowledge of how computers work, how to assemble computers, and how to troubleshoot hardware and software issues.

84–92 hrs • Certificate Granted Upon Successful Completion • Job Search Assistance

Classes Start in September

$1332 + $32 lab fee (includes textbooks)

*deferred payment available
