How to Use the Lecture Tool

Table of Contents

**How to Record Using Lecture Tool**

Step 1: Tap the Lecture Tool icon [icon]. This icon will expand to show the following icons. [icon] [icon]

The tools below are <u>not compatible</u> with the lecture tool and will be disabled when using.

-Learning Assistant

-Custom Navigation

-Pin tool

-Dissection Tool

-Quiz Mode

-Explore Removal Split Screen

-Live Mode

Your touch inputs will also not be recorded in the lecture. We recommend using the Pointer Tool [icon] to show what structures you are tapping on.
