COURSE DESCRIPTION:

This integrated 7-week clinical affiliated course of 240 hours affords the PTA intermediate student direct patient care experience in applying assessments, procedures and skills under the direct supervision of a licensed practitioner of physical therapy. With a focus on safe, legal, ethical and effective use of physical therapy interventions the acute or out-patient setting affords the student with a variety of clinical experiences with diverse patient populations where professional competency within the scope of practice of the PTA is developed. Supervision of the student at the intermediate level is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is subject to a course fee. Refer to <http://mc3.edu/adm-fin-aid/paying/tuition/course-fees> for current rates.

REQUISITES:*Previous Course Requirements*

- PTA 210 Pathology & Rehabilitation or Neurological Conditions Across the Lifespan and Continuum of Care
- PTA 220 Pathology & Rehabilitation of Special Populations and Conditions Across the Lifespan and Continuum of Care

Concurrent Course Requirements

- PTA 203 Physical Therapist Assistant (PTA) Roles, Relationships and Responsibilities Seminar III

LEARNING OUTCOMES Upon successful completion of this course, students will be able to:	LEARNING ACTIVITIES	EVALUATION METHODS
1. Demonstrate the ability to consistently perform safe, effective, and competent physical therapy assessment skills and treatment interventions from within the physical therapist's plan of care for routine patients with minimal supervision and guidance by the physical therapist.	Observation Demonstration and Practice	PTA Clinical Performance Instrument (CPI) Written Assignments Self- Assessment

LEARNING OUTCOMES	LEARNING ACTIVITIES	EVALUATION METHODS
2. Demonstrate the ability to provide timely and relevant documentation and communication to the physical therapist regarding all aspects of patient status, patient treatment and patient response to the treatment at an intermediate performance level as assessed by the clinical performance instrument.	Observation Demonstration and Practice	PTA CPI Written Assignments Self- Assessment
3. Demonstrate the ability to participate in the teaching of patients, family members/caregivers, other health care providers with occasional guidance from the physical therapist.	Observation Demonstration and Practice	PTA CPI Written Assignments Self- Assessment
4. Demonstrate the ability to perform appropriate patient communication in a culturally competent manner, with minimal guidance from the physical therapist.	Observation Demonstration and Practice	PTA CPI Written Assignments Self- Assessment
5. Demonstrate the ability to participate in routine administrative procedures of the clinic, including billing and performance improvement activities, with occasional guidance.	Observation Demonstration and Practice	PTA CPI Written Assignments Self- Assessment
6. Recognize administrative roles and duties through attendance at departmental meetings, committee meetings, and case conferences with other healthcare providers as appropriate	Observation Demonstration and Practice	PTA CPI Written Assignments Self- Assessment

LEARNING OUTCOMES	LEARNING ACTIVITIES	EVALUATION METHODS
7. Consistently demonstrate appropriate legal and ethical behavior during skill performance and interactions with patients, family members, and other healthcare providers with occasional guidance from the supervising physical therapist for new or unusual situations	Observation Demonstration and Practice	PTA CPI Written Assignments Self- Assessment
8. Compose a reflective journal regarding the clinical experience while maintaining appropriate patient confidentiality.	Observation Demonstration and Practice	PTA CPI Written Assignments Self- Assessment

At the conclusion of each semester/session, assessment of the learning outcomes will be completed by course faculty using the listed evaluation method(s). Aggregated results will be submitted to the Associate Vice President of Academic Affairs. The benchmark for each learning outcome is that *70% of students will meet or exceed outcome criteria.*

SEQUENCE OF TOPICS:

The American Physical Therapy Association Clinical Performance Instrument (CPI) (August 2009) describes fourteen (14) clinical performance criteria for the physical therapist assistant (PTA) student. For Clinical Education I, PTA students will be required to demonstrate the Intermediate Performance level by the final evaluation for each of the performance criteria listed;

1. Perform in a safe manner that minimizes the risk to patient, self, and others.
2. Demonstrate expected clinical behaviors in a professional manner in all situations.
3. Perform in a manner consistent with established legal standards, standards of the profession, and ethical guidelines.
4. Adapt delivery of physical therapy services with consideration for patients' differences, values, preferences, and needs.
5. Communicate in ways that are congruent with situational needs.
6. Participate in self-assessment and developing plans to improve knowledge, skills, and behaviors.
7. Demonstrate clinical problem solving.
8. Perform selected therapeutic exercises and associated data collection in a competent manner.

9. Apply selected manual therapy, airway clearance, and integumentary repair and protection techniques with associated data collection techniques in a competent manner.
10. Apply selected physical agents and mechanical modalities with associated data collection techniques in a competent manner.
11. Apply selected electrotherapeutic modalities with associated data collection techniques in a competent manner.
12. Perform functional training in self-care and home management and application and adjustment of devices and equipment with associated data collection in a competent manner.
13. Produce quality documentation in a timely manner to support the delivery of physical therapy services.
14. Participate in the efficient delivery of physical therapy services.

COURSE EVALUATION METHODS AND GRADING CRITERIA

This course will be graded as either "Pass" or "No Pass". Successful completion of the course is dependent on:

1. Assessment of the Physical Therapist Assistant Clinical Performance Instrument at midterm and final. For a passing grade, upon final, the CPI must have a minimum of 7/14 criteria rated by clinical instructor at a minimum of "Advanced Intermediate" level of performance and the remaining criteria rated by the clinical instructor at a minimum of "Intermediate" level of performance. See Clinical Education Handbook for details.
2. A passing grade on an in-service on a topic given by the clinical instructor. For a passing grade, the in-service must be completed at a satisfactory level, as deemed by the clinical instructor (see grading rubric).
3. A passing grade on weekly planning forms, to be sent to emailed to the ACCE each Friday by midnight. For a passing grade, 5 out of the 6 weekly planning forms must be thoroughly completed (see grading rubric).
4. A passing grade on the Values Based Behaviors for the PTA self-assessment, at midterm and final. For a passing grading, the self-assessments must be completed and returned to the ACCE by the dates listed.
5. A passing grade on the weekly discussion board posts. For a passing grade, the student must participate in discussion boards, at minimum, once per week. (see grading rubric)
6. Data collection to be used for project in PTA 203. For a passing grade, the student must collect the PT examination, progress notes, and any other pertinent information that can be used for the case study presentation in PTA 203. All collected data MUST have any protected health information blacked out.
7. Completion of the online survey regarding clinical instruction and facility information.
