

PURPOSE

To establish and use policies and procedures for the annual verification process of an applicant's FAFSA information that clearly defines what responsibilities Inceptia will perform.

POLICY STATEMENT

Inceptia will request and process documentation required for verification in accordance with **§668.57, and any pertinent Dear Colleague Letters and Electronic Announcements released by the Department of Education.**

BACKGROUND

The process begins with ISIR records being loaded into Verification Gateway (VG). ISIRs can be loaded either by Inceptia or the School. Through VG's automated communication process, the student and parent (if a dependent student) are notified by email that they have been selected for verification and that Inceptia is partnering with their School to help them complete the verification process through VG. The student and parent are then directed to a VG website, personalized and co-branded with their school's information, and are encouraged to create an account to access the website. Once logged in to VG, a student and parent are presented with online interview questions (replacing paper verification worksheets) and asked to upload any required documents necessary for verification – per the Verification Tracking groups and acceptable documentation listed below (per the appropriate Dear Colleague Letters and Electronic Announcements). Once all interviews are complete, necessary documents are uploaded, and the account is signed by the student (and parent if dependent), Inceptia staff will review the information to determine if verification can be completed at that time, if further clarification is necessary, or if a correction to the ISIR record needs to be made. If a correction is necessary, Inceptia will correct the ISIR record on the school's behalf. Once verification is complete, a student's account status will be changed to Verified in VG and the verified student's information will appear on the School's Export Report.

(a) The applicant’s institution determines that such documentation is not available because the household member in question has not yet registered at the institution the household member plans to attend; or

Note: Verification of the number of household members in college is not required if the number in college indicated on the ISIR is “1.”

Miscellaneous

The copy of the 2020 income tax return must include the signature of the tax filer or one of the filers of a joint income tax return or the signed, stamped, typed, or printed name and address of the preparer of the income tax return and the preparer's Social Security Number, Employer Identification Number, or Preparer Tax Identification Number.

For a tax filer who filed an income tax return other than an IRS form, such as a foreign or Puerto Rican tax form, the institution must use the income information (converted to U.S. dollars) from the lines of that form that correspond most closely to the income information reported on a U.S. income tax return.

An individual who did not retain a copy of his or her 2020 tax account information, and for whom that information cannot be located by the IRS or other relevant taxing authority, must submit to the institution—

- (a) Copies of all IRS Form W-2s for each source of 2020 employment income or equivalent documents; or

- (c) Documentation from the IRS or other relevant taxing authority that indicates the individual's 2020 tax account information cannot be located; and
- (c) A signed statement that indicates that the individual did not retain a copy of his or her 2020 tax account information.

An individual who is required to submit an IRS Form W-2 or an equivalent document but did not maintain his or her copy should request a duplicate from the employer who issued the original or from the government agency that issued the equivalent document. If the individual is unable to obtain a duplicate W-2 or an equivalent document in a timely manner, the institution may permit that individual to provide a signed statement, in accordance with 34 CFR 668.57(a)(6), that includes—

- (a) The amount of income earned from work;
- (b) The source of that income; and

(c) The reason why the IRS Form W-2 or an equivalent document is not available in a timely manner.

For an individual who was called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency, an institution must accept a statement from the individual certifying that he or she has not filed an income tax return or a request for a filing extension because of that service.
